For any water development district with boundaries affected by this Act, any director of the district who is in office on the effective date of this Act shall continue to serve as a director if the director remains a resident of the district. At the first general election after the effective date of this Act, for any water development district with boundaries affected by this Act, directors shall be elected for all director positions in the district, regardless of whether or not any director's term has expired. The directors elected for the district at the general election shall be elected to serve for staggered terms. Thereafter, directors shall be elected to four-year terms at each subsequent general election to succeed those directors whose terms expire at the end of the year in which the election is held.

Section 6. That § 46A-3E-1 be amended to read as follows:

46A-3E-1. A water development district board of directors may levy taxes, not to exceed thirty cents per thousand dollars of taxable valuation in the district, for accomplishment of the purposes of chapters 46A-3A to 46A-3E, inclusive, and chapters 46A-1 and 46A-2. If an area is included in more than one water development district, that area's tax levy payable to each of the water

development districts shall be determined by multiplying the greater of the overlapping water development districts' levies by each water development district's taxing fraction. Each water development district's taxing fraction is determined by dividing that water development district's proposed tax levy for the overlapped area by the sum of all water development districts' levies for the overlapped area. For purposes of chapter 10-13, any water development district for which boundaries are revised under this Act is considered a new taxing district created on the date specified pursuant to § 46A-3A-1.

Section 7. This Act is effective on January 1, 2009.

An Act to revise the boundaries of the Central Plains, East Dakota, James River, and South Central water development districts, and to revise provisions related to the board of directors in the affected districts.
